

## SUGGESTIONS FOR AGENDA IN THE TAIPEI WCAA MEETING

Dear Members of the WCAA board,

Since we are here together at the ABA meeting, we have discussed a bit what we are expecting to happen in the Taipei meeting, we felt we could send our contribution, with suggestions for an effective meeting. There are several things we would like to discuss, so here are our ideas.

We feel that in the Taipei meeting there has to be a schedule that allows a thorough discussion of several important issues, such as

- Rules for succession within the board and the way it functions;
- Communication of WCAA with its member associations;
- Idea of a set of concrete collaborative Projects that (possible?) includes several the anthropological associations;
- Financial situation.
