Letter of support for the Associação Brasileira de Antropologia (ABA)

To Whom It May Concern:

On behalf of the Canadian Anthropology Society/Société Canadienne d'Anthropologie (CASCA), I am writing to acknowledge the very high quality, standards and importance of the academic work of Brazilian anthropologists and our colleagues who are members of the Associação Brasileira de Antropologia (ABA).

A number of Canadian anthropologists have taught, conducted research, and given invited lectures in Brazil. We have met with Brazilian anthropologists in Brazil and have had the pleasure of welcoming them to Canada to conduct research and present papers. In particular, we acknowledge the work of the applied anthropologists working in the Ministerio Publico and FUNAI (the federal Indian agency). We can vouch that the standard of practice is very high. Our Brazilian anthropology colleagues are extremely professional, diligent, and collegial.

We fully respect and value their research and acknowledge its international stature.
